Below Counter

1 High Quality Performance From an In-Counter Scanner

- Over 100,000 units installed worldwide
- A workhorse, 5th generation horizontal scanner
- Aluminum cast chassis provides high reliability
- Sapphire Glass and stainless steel top can withstand a drop from a 30-pound frozen turkey

2 Flexible Programming Capability Includes Edge™ Decode Software

- Reads torn and disfigured bar codes
- Reads overprinted and underprinted bar codes
- Autodiscriminates all popular bar codes including Italian Pharmacode
- Adjustable 'Sleep' mode extends motor and laser life

3 Adaptive Scale Allows Complete Integration

- Reliable adaptive scale produced by leading manufacturers
- Scale works in small counter space

4 High Value Options

- Sapphire Glass can be purchased as standard equipment
- Checkpoint® ready EAS antenna option installed at factory or as a field upgrade kit

5 Serviceability & Easy Maintenance By Design

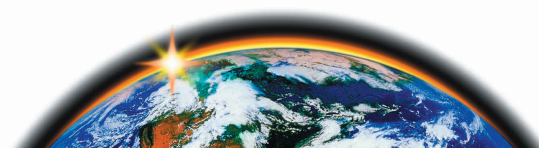

- Built-in diagnostics and display indicate failed assemblies with 98% accuracy
- Modular components allow field replacement by trained technicians
- Top glass and cover can be changed in 15 seconds
- Rubber gaskets prevent liquid spill and debris contamination

Programming Guide – P/N: R44-1340
EAS Antenna Upgrade Kit – P/N: 10-1076

PSC's HS1250™ is clearly superior to the competition:

Symbol LS5800

The HS1250 has:

- Rugged design due to aluminum cast housing and stainless steel top
- Better standard features with Sapphire Glass and EAS antenna
- Sealed lower window and chassis resists spills and debris
- On-Board Diagnostics allow easier field service & problem isolation

Metrologic MS860i

The HS1250 has:

- Much higher throughput with Edge decoding
- Rugged design due to aluminum cast housing and stainless steel top
- Sealed lower window and chassis resists spills and debris
- On-Board Diagnostics allow easier field service & problem isolation

NCR 7880

The HS1250 has:

- Much higher throughput with Edge decoding
- Rugged design due to aluminum casts housing and stainless steel top
- Sealed lower window and chassis resists spills and debris
- On-Board Diagnostics allow easier field service & problem isolation

The **HS1250™** compact, horizontal scanner combines aggressive performance and rugged durability providing maximum benefits to retailers. The HS1250 is ideal for:

Supermarkets
Hypermarkets
Home Improvement Centers
Wholesale Clubs
